

It is the Milton Foundation for Education's honor to award the Sam Cichello Memorial Scholarship for 2024. Sam Cichello was a Tucker student when he tragically died in a playground accident. Sam was a curious, hands-on kid that loved science.

The Milton Foundation for Education (MFE) is offering an opportunity for Milton High School seniors that plan to pursue a career that requires further study in the area of Science. Further Study could include a two- or four-year college/university, a certificate program or a trade school. MFE will award up to two **scholarships**, which carry a value of \$1,000.00 each, in recognition of the accomplishments and aspirations of MHS graduating seniors. Each senior should complete the application, provide their high school transcript and write an essay of 200-300 words. Applications can be obtained on our website or through Milton High School Guidance Department. All three documents (Completed applications, essays and transcripts) can be sent to scholarship@miltonmfe.org by Thursday, April 4th, 2024 @ 2pm.

Please be sure to allow general access to any Google Documents submitted. They should be set as "viewable to anyone with the link."

Application:

Name

Email

Address

Please list all school activities (including offices, clubs and sports)

Please list all community activities (including job, volunteer)

Awards and/or Achievements (including in academics or community)

Please write a 200-300 word essay telling us a little about yourself.

In that essay we would also like to know what book, individual or scientific concept inspired you to decide to study science.

All paperwork must be completed and submitted by Thursday, April 4th @ 2pm.

Thank you!
